Text Description

The living room is in the center, connected to a bedroom on the left, another bedroom and bathroom below, and the kitchen on the right.

The living room is at the bottom center, with a corridor directly above it. The corridor connects a bathroom on the left and extends to two bedrooms. On the right, it connects to the kitchen. Above the corridor, from left to right, are two bedrooms and a bathroom. At the top right corner, there is another bedroom, which is adjacent to the kitchen below.

The kitchen is located to the upper left of the living room, which is on the left side of the corridor; the corridor runs through the center and connects the kitchen, bathroom, and two bedrooms; the upper bathroom is to the upper right of the corridor; the right bedroom is below the upper bathroom and adjacent to the right side of the corridor; the lower bedroom is directly below the corridor; the lower bathroom is directly below the right bedroom and adjacent to the lower right part of the corridor.
